FOREWORD

BY **PAVEL FOUBIK**
CBC President

Ten years ago, when the Membership Directory was first released and I wrote this foreword for the first time, the Czech Business Council in Dubai and Northern Emirates was at the beginning of something big. Founded in 2014 by 24 visionary members dedicated to promoting economic cooperation and business development, we had no idea we were embarking on something monumental.

I could not have foreseen the rapid expansion that laid ahead. Over the past decade, we have welcomed more than 300 new members and extended our activities beyond the UAE. We have hosted numerous government delegations and facilitated countless successful business deals. Expo 2020 was a significant milestone in our history, with the Czech Business Council playing an active role.

Today, at our 10th anniversary, there is so much to celebrate! This Membership Directory commemorates our remarkable achievements, establishing us firmly within the international business community in the UAE. It also serves as a comprehensive overview of all our partners, whose support has been crucial to our success. Most importantly, it celebrates our members, whose accomplishments are at the heart of everything we do. The success of the Czech Business Council motivates us to work even harder to expand our activities within and beyond the UAE, increase our membership, and enhance commercial relations between the Czech Republic and the UAE.

We are committed to introducing new services for our members each year. Recognizing Dubai as both a commercial hub and a gateway to the Middle East, we have extended our network through CBC Ambassadors in Saudi Arabia, Oman, and Iran. I am proud to say that this cooperation has yielded numerous successful projects.

We organize various events where our members can share their knowledge and experience of doing business in the region. We connect our members with local entities and businesspeople, facilitating bilateral cooperation. We also help Czech companies entering the UAE market establish their presence here, collaborating closely with the Dubai Chamber. We are building a bridge between the Czech Republic and the UAE, enhancing their already thriving trade relations. All of this is done with unwavering passion.

I look to the future with great hope, hopeful that many more companies will join our efforts. We are here to support you, and as our motto says, we would be happy if you joined us.

Enjoy the read

Embassy of the Czech Republic in Abu Dhabi

FOREWORD

BY **H. E. JOSEF KOUTSKÝ**
Ambassador of the Czech Republic
to the United Arab Emirates

Dear readers,
representatives of the business community ladies and gentleman.

It is my great pleasure to address you this year for the first time in the capacity of Ambassador Extraordinary and Plenipotentiary of the Czech Republic to the United Arab Emirates on the occasion of two important events.

The first is the next edition of the Czech Business Council 2024 yearbook in Dubai, and the other is the 10th anniversary of the establishment of this institution, which for 10 years has been helping to establish business relations between the business communities of the Czech Republic and the Emirate of Dubai.

Each of us knows how important it is not only to maintain existing business relationships, but especially how important it is to look for new business opportunities. The United Arab Emirates is a country where Czech entrepreneurs have found a safe environment for their business activities, and I am very happy about that.

Over the past few months, we have jointly organized a number of projects to support economic diplomacy. Most importantly we succeeded in implementing high quality economic diplomacy pilot projects to support the activities of the Czech companies in Dubai.

Through many national pavilions, the Czech Republic participates in a number of prestigious world trade fairs in the United Arab Emirates in the fields of healthcare, defense industry, energy and food industry. We have recently also started cooperation with local partners in information and space technologies.

I would like to assure you that the Embassy of the Czech Republic in the United Arab Emirates is your natural partner, which is here for you. Only through our joint efforts and activities will we achieve a greater trade connection between the Czech Republic and the United Arab Emirates.

Finally, allow me to thank the president of the Czech Business Council in Dubai and the entire board of directors for the ten years of their work and their personal contribution to the development of business relations.

Embassy of the Czech Republic in Abu Dhabi

FOREWORD

BY **JAKUB JAROŠ**
Commercial Counsellor,
Embassy of the Czech Republic in Abu Dhabi

Ladies and Gentlemen, dear readers,
It is my pleasure to use this unique opportunity to share with you a few insights from the Czech Embassy in Abu Dhabi and walk you through the activities and projects of the Embassy carried out over the course of the last year or so in the realm of economic cooperation, trade and business. The role of the Economic and Commercial Counsellor is a privileged one – his task is to support, assist and even encourage Czech companies in exploring the UAE market or Czech companies already present in the market that want to expand their footprint here. In doing so, we have a number of very potent instruments at hand, most importantly projects of economic diplomacy and projects of economic activities.

Using these instruments of economic diplomacy, the Czech Embassy organized a number of sector-specific business and trade missions in 2023 and 2024. Most notably, in cooperation with the Ministry of Transport of the Czech Republic and the UAE Space Agency, the Czech Embassy introduced the UAE space industry to cutting-edge Czech space technology and research companies. More than a dozen top-notch Czech space companies – mostly start-ups and SMEs – academic institutions and research universities visited the UAE in the last week of May 2024 to make a mark in the UAE. The business forum held at the UAE Space Agency in Masdar City and the many site visits and activities have created lasting bonds that are set to evolve into deeper partnerships. The developing cooperation will receive a further boost by the visit of a UAE space industry delegation to Czechia in November 2024 – and also by a project of economic diplomacy of the Ministry of Foreign Affairs of the Czech Republic carried out by the Czech Embassy in Abu Dhabi.

Another important topic in the Czech-Emirati partnership is the partnership in the area of defense and aerospace. The Embassy, together with the Ministry of Defense of the Czech Republic and the relevant Czech defense-industry association organized strong Czech industry participation in the Dubai Air Show in November 2023. The Czech national pavilion hosted more than 15 Czech defense and aerospace companies and the Czech official and business delegation to the show was headed by the Czech deputy minister of defense and the Czech Air Force Commander. A Czech aircraft, the L-410 NG by Aircraft Industries (former Let Kunovice), could be seen on the static display of the show and it certainly garnered a lot of attention. The Czech Embassy is planning for a similar mission to IDEX in 2025.

The Embassy has also been systematically helping to promote Czech medical technologies and solutions in the Emirati market and has worked with its partners in the UAE to introduce Czech medical technology solutions to third countries in the framework of joint development assistance and cooperation in African countries. The Embassy was present in the Arab Health Exhibition in January 2024 and organized a big business gala dinner in cooperation with the Czech Association of Medical Producers and Suppliers, which hosted over 200 local business partners, distributors, dealers and various healthcare professionals. Furthermore, with the assistance of the Czech Business Council, the Czech Embassy is the organizer of a Czech-Emirati Business Forum themed "Czech Digital and AI-driven Healthcare Solutions", which will introduce innovative Czech digital and AI-related healthcare startups to the local healthcare professionals in October 2024.

The Embassy is also keeping an eye on the important aggrotech and foodstuffs sector. A dedicated agricultural diplomat posted at the Czech Embassy makes sure to promote a wide variety of delicious Czech products – be it Akavi cheese, milk powder, Czech beer or Moravian wine – in the UAE food market. 2023 and 2024 saw a number of high-ranking Czech delegations at the major food and agro fairs, most importantly at the Gulf Food Expo in February 2024, attended by a Czech delegation comprising a dozen Czech companies and headed by the Czech junior minister of Agriculture.

In order to succeed at this ambitious job, the Czech Embassy needs able and competent partners. Apart from the many local partners – government or corporate – the Embassy has found great support in the Czech Business Council and the CzechTrade Office in Dubai. As far as the CBC is concerned, it is only natural for the Czech Embassy to work hand in hand with it and to benefit from the many synergic effects of the cooperation. Most notably, CBC in cooperation with the advisory Panis and Shah, is our partner for implementing the PROPEA project. Furthermore, CBC is our partner for one of the most important projects of economic diplomacy (PROPED), the Czech business gala evening hosted by CBC.

Dear readers, I feel privileged that I had the opportunity to share these insights on the activities of the Czech Embassy in Abu Dhabi with you and I hope that I will have even more to share with you on these pages next year.

Jakub Jaroš

FOREWORD

BY **VLADISLAV POLÁCH**
Managing Director, CzechTrade United Arab Emirates

Dear Readers,
Time has flown by, and it has already been three years since I moved to Dubai and became a part of the dynamic Czech business community here. As the Managing Director of the Czech Trade Promotion Agency, I have dedicated myself to facilitating the entry and growth of Czech companies in this vibrant region.

The initial phase was challenging, coinciding with the launch of EXPO 2020, the first World Exposition in the region. Our office has tried to play its role in supporting Czech companies through various initiatives, including organizing supplier sourcing days for companies such as Gala Stores or Al Shafar Group, coordinating incoming missions like Calidus or Innovus, conducting several online webinars as well as many one on one meetings for Czech companies promoting their products and services in UAE. Our efforts have extended beyond the UAE to include Oman, where we orchestrated the largest participation of Czech companies in the building industry.

In addition to our export promotion activities, our state agency has expanded its service portfolio to directly support Czech companies in the region. Two years ago, we established an Export Incubator, a shared office space designed for Czech companies aiming to establish a physical presence in the GCC market. Furthermore, we relocated our office from the mainland to the DMCC Free Zone, enhancing our operational capabilities.

Our achievements would not have been possible without the support of our local partners. The Czech Business Council (CBC) is one of them. It is uncommon for Czech entrepreneurs to form supportive entities in foreign territories, and I am pleased that this has been successfully achieved in the UAE. Personal relationships and knowledge transfer are crucial to business success. As CBC celebrates its 10th anniversary this year, I extend my best wishes to their representatives for continued success and growth, and I hope to see many new members join their ranks.

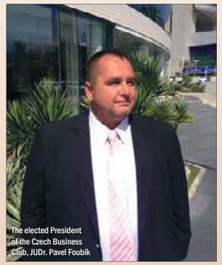
Czech business club

THE FOUNDATION OF THE CZECH BUSINESS CLUB IN THE UNITED ARAB EMIRATES

Dubai, May 29, 2014

H.E. Jaroslav Ludva – the Ambassador of the Czech Republic in the UAE, delivering the opening speech at the initial meeting of the Czech Business Club (on the left: CBC Spokesman Vít Kodousek)



The elected President of the Czech Business Club, JUDr. Pavel Foubík

Those members of the Czech business community living in the United Arab Emirates met at the Emirates Golf Club on May 28, 2014 to found the Czech Business Club. Among others, the Czech Republic's Ambassador to the UAE, Ing. Jaroslav Ludva, was present at the program, which included the election of a President.

The proposed candidates were unanimously elected, making JUDr. Pavel Foubík from the Brudra company the historic first President of the Czech Business Club in the United Arab Emirates. Ing. Jaroslav Ludva was elected Vice-President and PhDr. Roman Mišek from the Czechtrade government agency became the Secretary. Vít Kodousek was named spokesman.

„Over the years, I began meeting with Czech businessmen regularly and I'm glad that we were finally able to frame these activities a formal organization," said Ambassador Ludva, in his speech. „I wish the Czech Business Club much success for the future and the many interesting activities that are now open to us."

Approximately thirty participants then congratulated the newly elected President of the Czech Business Club. „Thank you for your trust and I hope that together will see to it that this club becomes a respected entity in the Emirates," said President Foubík. „We are opening contact with the Dubai Chamber of Commerce and will work to establish the Czech Business Club as best as we can in the local business environment. " President Foubík also mentioned that the basic impulse for intiating negotiations with the Dubai Chamber of Commerce came from the activity of Professor Michal Mejstřík, who also participated in the foundation meeting of the CBC and who must be thanked for his support.

The meeting of the CBC at the Emirates Golf Club affirmed that the Czech business community is very active in the Emirates and interested in further deepening the relationship between these individual entities. And this is precisely the basic idea behind the club – to create a platform for getting to know Czech businessmen and exchanging experience and knowledge regarding their economic activities in this country. The initial meeting already proved that the club will be the best place to establish new contacts and exchange important information.

Discussion during the initial meeting of the Czech Business Club

From left: PhDr. Roman Mišek, CzechTrade, Mr. Vít Kodousek, H.E. Jaroslav Ludva, Ambassador of the Czech Republic in the UAE, and JUDr. Pavel Foubík, President of the Czech Business Club, UAE

Mr. Pavel Foubík
President
Czech Business Club

Dear Mr. Foubík,

Subject: Dubai Chamber trip to Prague, Czech Republic, 25th–27th Nov. 2014

On behalf of Dubai Chamber of Commerce & Industry, I would like to take this opportunity to convey my sincere gratitude for your kind hospitality and the support extended during our stay in your beautiful city, Prague, Czech Republic. Needless to say, without your commitment and involvement, the outcome of this visit would not have been such a positive one.

During our meetings with the relevant institutions, we were very pleased to explore potential areas of strategic collaboration and gain a clear understanding of the business synergies between Dubai and Czech Republic.

On a positive note, we look forward to formalizing the establishment of Czech Business Council under the auspices of Dubai Chamber and remain at your disposal for any support required.

Once again, thank you for your kind support.

Sincerely,

Hamad Buamim
President & CEO

The CBC is a non-profit local association under UAE law and licensed under the umbrella of the Dubai Chamber. It is recognized by the UAE authorities as the representative body of Czech companies and individuals operating in Dubai and the Northern Emirates. The CBC operates independently and is financially self-sufficient. The CBC has experienced significant growth recently. From a handful of pioneering entrepreneurs and career expatriates, the CBC has grown to roughly 450 entrepreneurs, managers and executives in a large variety of industries. Many of whom regularly call on any of our 25 plus annual events.

2

Established in 2014 by the Czech Consulate and a group of prominent Czech businessmen, the Czech Business Council Dubai and the Northern Emirates, commonly known as CBC, aims to provide a platform for its members to network, encourage and promote business links with other like-minded businessmen, business councils in the GCC region and the Czech Republic. The CBC undertakes a wide range of activities with the objective to enhance business prospects and expose the Czech business community.

3.3 Presidents´s lunch – regular get together of presidents of Business Councils registered with DC

3.4 Communication of CBC members´s achievements through CBC communication channels.

3.5 CBC gala Christmas dinner.

BUSINESS ACHIEVEMENT **AWARD 2024**

These awards recognize outstanding businesses, companies and business leaders in areas such as entrepreneurship, business growth, company practices, product innovations, customer service, stewardship, marketing success and community service.

THE WINNER OF BUSINESS ACHIEVEMENT AWARD 2024

NANOSUN DMCC

nanosun

Nanosun was founded in 2013 by Mr. Karel Parenica, with a vision to help accelerate the spread of clean solar energy and make life better for millions of people for generations to come. With the motto "Solar power to the people", he began to realise the dream of solar energy available to all with the help of God and his wife Beatrice.

With affordable prices for top quality products and a family approach based on Christian foundations, nanosun today is an international team of nearly 100 people and is one of the leading global distributors of solar components.

In the prestigious Financial Times 2023 ranking, nanosun is listed as the 36th fastest growing company in Europe and has been featured in the prestigious Forbes magazine. It has been voted Excellent Distributor of the Year 2023 as well as Distributor of the Year 2023 by MESIA.

Currently, Mr. and Mrs. Parenica are partly living in Dubai where they are successfully developing another branch of Nanosun DMCC located on the 35th Floor of Swiss Tower.

THE WINNER OF BUSINESS ACHIEVEMENT AWARD 2024

MICHAL BATURKO OLBERT – JUMPER OF THE YEAR

PROBINEX

With over 19 years in business development, Michal leads Marketing and Sales at Probinex, spearheading its global expansion. He has facilitated growth for numerous businesses, creating a strong investor base turned satisfied clients. As a co-founder, Michal has defined Probinex's mission to integrate traditional finance with modern fintech through blockchain for transparency and fair play.

Under his leadership, Probinex's community has grown remarkably. During the initial PBX token sale, his team raised over $17.6 million for further development. Earnio, Probinex's product using automated strategies for investment growth, has raised over $9 million in 18 months with a CAGR of 49.38%. Michal continues to expand Probinex to other markets, making digital finance accessible and seamless.

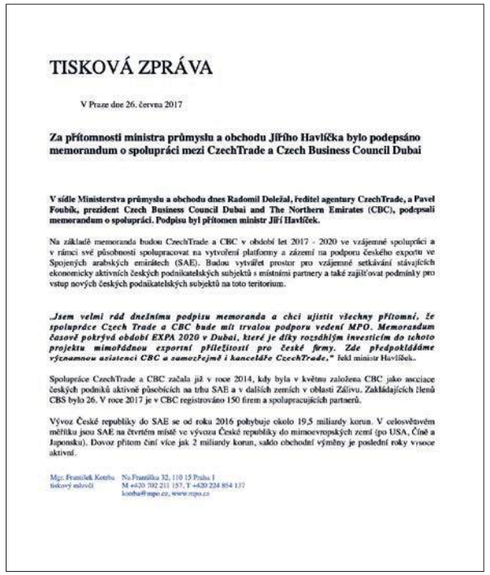
CBC/CZECH TRADE MEMORANDUM OF COOPERATION

Radomil Dolezal, General Director of the CzechTrade Promotion Agency, and Pavel Foubik, President of CBC, signed a Memorandum of Cooperation that binds both parties to create a platform supporting Czech export to the UAE within The 2017–2027 time frame.



TISKOVÁ ZPRÁVA

V Praze dne 26. června 2017

Za přítomnosti ministra průmyslu a obchodu Jiřího Havlíčka bylo podepsáno memorandum o spolupráci mezi CzechTrade a Czech Business Council Dubai

V sídle Ministerstva průmyslu a obchodu dnes Radomil Doležal, ředitel agentury CzechTrade, a Pavel Foubík, prezident Czech Business Council Dubai and The Northern Emirates (CBC), podepsali memorandum o spolupráci. Podpisu byl přítomen minister Jiří Havlíček.

Na základě memoranda budou CzechTrade a CBC v období let 2017 - 2020 ve vzájemné spolupráci a v rámci své působnosti spolupracovat na vytvoření platformy a zázemí na podporu českého exportu ve Spojených arabských emirátech (SAE). Budou vytvářet prostor pro vzájemné setkávání stávajících ekonomicky aktivních českých podnikatelských subjektů s místními partnery a také zajišťovat podmínky pro vstup nových českých podnikatelských subjektů na toto teritorium.

„Jsem velmi rád dnešnímu podpisu memoranda a chci ujistit všechny přítomní, že spolupráce Czech Trade a CBC bude mít trvalou podporu vedení MPO. Memorandum časově pokrývá období EXPA 2020 v Dubai, které je díky rozsáhlým investicím do tohoto projektu mimořádnou exportní příležitostí pro české firmy. Zde předpokládáme významnou asistenci CBC a samozřejmě i kanceláře CzechTrade," řekl minister Havlíček.

Spolupráce CzechTrade a CBC začala již v roce 2014, kdy byla v květnu založena CBC jako asociace českých podniků aktivně působících na trhu SAE a v dalších zemích v oblasti Zálivu. Zakládajících členů CBS bylo 26. V roce 2017 je v CBC registrováno 150 firem a spolupracujících partnerů.

Vývoz České republiky do SAE se od roku 2016 pohybuje okolo 19,5 miliardy korun. V celosvětovém měřítku jsou SAE na čtvrtém místě ve vývozu České republiky do mimoevropských zemí (po USA, Číně a Japonsku). Dovoz přitom činí více jak 2 miliardy korun, saldo obchodní výměny je poslední roky vysoce aktivní.

DUBAI CHAMBERS BRIEF

Dubai Chambers aim to be a catalyst for Dubai's economic transformation and underline its credentials as the world's most dynamic and attractive business hub. The organisation fosters the adoption of new business models that enable Dubai and its business community to capitalise on rapidly emerging opportunities and drive sustainable economic growth and development in line with Dubai's ambitious vision and the UAE's 50-year development strategy.

Under the Dubai Chambers structure, three chambers of commerce operate, namely Dubai Chamber of Commerce, Dubai International Chamber and Dubai Chamber of Digital Economy – each of which has its own individual brand, strategy and specialised approach.

A FEW WORDS FROM MINISTER OF INDUSTRY AND TRADE OF THE CZECH REPUBLIC

BY **JOZEF SÍKELA**
Minister of Industry and Trade of the Czech Republic

Dear Business Partners,
It is my great pleasure to welcome you to the CBC Business Directory, Dubai. This platform represents a significant opportunity for Czech businesses and innovative companies to showcase their products and services in the dynamic and rapidly growing market of the United Arab Emirates.

The Ministry of Industry and Trade of the Czech Republic greatly values the long-standing and excellent political and business relations between our countries. The United Arab Emirates is one of our most important economic partners outside the European Union, reflected in the increasing level of bilateral trade, which reached the record level of USD 1.1 billion in 2023.

In January 2022, together with the Minister of Economy of the United Arab Emirates, H.E. Abdulla Bin Touq Al Marri, we signed the Intergovernmental Agreement on Economic and Technical Cooperation. This agreement provides a crucial framework for elevating the Czech-Emirati economic cooperation to the level of a strategic partnership. As part of this agreement, the Joint Economic Commission (JEC) was also established, with the task of actively promoting economic projects between our countries. The first Ministerial Session of the JEC and the accompanying Czech-Emirati business forum took place on June 14, 2024, in Prague and was organized under the auspices of the Ministry of Industry and Trade of the Czech Republic and the Ministry of Economy of the United Arab Emirates.

With the support of the Czech Embassy in Abu Dhabi and the CzechTrade office in Dubai, we strive to further support the development of business relationships between Czech and Emirati companies. We regularly organize business missions and official participations in major fairs and conferences in the United Arab Emirates, providing an excellent opportunity to establish new business partnerships and deepen existing ones. I wish you much success and believe that the CBC Business Directory will be a beneficial platform for the development of your business activities in the United Arab Emirates.

PARTNERSHIP WITH THE UAE

Given the long tradition of excellent political and business relations between both countries as well as the increasing levels of bilateral trade, the Ministry of Industry and Trade considers the UAE one of our most important economic partners outside the EU. In cooperation with the Czech Embassy in Abu Dhabi and the CzechTrade Office in Dubai, the Ministry of Industry and Trade supports business development between Czech and Emirati companies through the organization of business missions and official participations in major fairs in the UAE. Moreover, in January 2022 Minister of Industry and Trade of the Czech Republic H. E. Jozef Síkela together with his counterpart, Minister of Economy of the UAE H.E. Abdulla Bin Touq Al Marri, signed the Intergovernmental Agreement on Economic and Technical Cooperation, which provides a crucial framework for elevating the Czech-Emirati economic cooperation to the level of strategic partnership and enhancing collaboration in the growing industries. The Agreement also established the Joint Economic Commission (JEC), whose task is to actively promote economic projects between the Czech Republic and the UAE. The 1st Session of the JEC took place on 14 June 2024 in Prague under the auspices of Minister J. Síkela and Minister A. B. T. Al Marri.

PROFILE

The Ministry of Industry and Trade of the Czech Republic is a central government body responsible for economic and trade policy, energy and raw material policy, investment and business promotion, support of small and medium-sized enterprises, industrial policy and innovation, technical harmonization, export promotion policy and coordination of the Czech foreign trade policy, electronic communications, postal services, technical standardization, metrology and state quality control.

Agencies and organizations subordinate to the Ministry of Industry and Trade:

- CzechTrade Promotion Agency – CzechTrade
- Business and Investment Development Agency – Czechinvest
- Agency for Entrepreneurship and Innovation
- Czech Trade Inspection Authority
- State Energy Inspection
- Czech Radioactive Waste Repository
- Czech Office for Standards, Metrology and Testing
- Czech Metrology Institute
- Assay Office
- Czech Proof House for Arms and Ammunition

A FEW WORDS FROM THE CEO OF CZECHTRADE

BY **RADOMIL DOLEŽAL**
CEO of CzechTrade

Dear Readers,
The entire GCC region is an important export partner for Czech companies, and our goal is to cooperate and deepen strategic relations with all the countries in the Persian Gulf. Therefore, we have added two more offices in this region to the CzechTrade foreign office in Dubai, one in Doha, Qatar, and another in Riyadh, Saudi Arabia. This offers Czech exporters additional high-potential markets where they can introduce their unique products or services.

We see potential for Czech companies in Saudi Arabia in the ambitious reform program, Saudi Vision 2030, which aims to modernize society. Opportunities for Czech exporters are in infrastructure projects and urban development, with promising prospects in construction, healthcare, and energy. Czech companies can cover all these areas with our support, and we will focus on these sectors.

Our foreign office in Qatar has been operating for a year with very good results. Immediately after opening the office, Czech companies, with our support, participated in the Agriteq Qatar fair. We also assisted Czech companies at the Project Qatar and Hospitality Qatar construction fairs, where we are preparing for their participation again this year.

I cannot overlook the Export Incubator service. It has been operating in the UAE for a second year and has been utilized by several Czech companies, which have already recorded export successes. An example is the Czech Mint, which has well established itself in the market, subsequently opened its own

office, and created a collection of gold and silver investment coins and medals specifically for the United Arab Emirates. The support of our partners in this region is essential, and I would like to conclude by thanking the representatives of the Czech Business Council for their cooperation and I look forward to further collaboration.

INTRODUCTION

The CzechTrade agency is an official contact partner for those foreign companies looking for qualified Czech-based suppliers of products, providers of services or investors. It was established by the Ministry of Industry and Trade of the Czech Republic in May 1997. CzechTrade operates worldwide via 57 foreign representatives.

KEY VALUES

- Partnership with the customer
- Teamwork as a requirement for developing corporate know-how
- Professionalism and high ambitions
- Open and effective communication
- Identifying with the agency

CzechTrade offers free and confidential services aimed at helping your company find qualified Czech-based suppliers.

It provides a wide range of business support and networking services including:
- Introduction to Czech quality suppliers
- Assistance with local outsourcing
- Organisation of buyer's visits and meetings with Czech companies
- Participation in trade fairs abroad
- Information about doing business in the Czech Republic

Export incubator CzechTrade in Dubai

CzechTrade

The incubator is located in the most important UAE free zone - Dubai Multi Commodities Centre (DMCC), at Mazaya Business Avenue, First Al khail St., Jumeirah Lakes Towers, about 500 m from the DMCC metro station.

Export incubator means shared office for Czech companies. Each company is equipped with dedicated working desk. In addition, each of the participating companies receives internet WIFI connection, landline with free calls in Dubai to their workplace free of charge. There is also a conference room with space to host about 10 people and a meeting room for individual business meetings. Of course, there is an equipped kitchen with small refreshments. There are a number of cafés and restaurants nearby the building, so there is no problem to taste various types of the world cuisine with local partners.

For more information
contact our CzechTrade office in Dubai:
www.czechtradeoffices.com/en/ae

Necessary steps to use the Export Incubator:

1. Due to local labor law, Czech companies must be determined in advance to set up their entity in the UAE, so that their employees can obtain working visa.
2. The entity must be established in the DMCC free zone where the incubator is located. We will be happy to assist you with whole procedure.
3. Established entities of Czech companies can use the incubator for up to 12 months.
4. During this period, they are entitled to use up to 140hrs of individual assistance services provided by the CzechTrade Foreign Office in Dubai.

CZECH BUSINESS SUPPORT PROJECTS

A key instrument of economic diplomacy, PROPEA stands for projects of economic activities of Czech companies abroad or Czech Business Support (CBS). The instrument is aimed at facilitating the sourcing of professional legal, audit, business, HR and other advisory services for Czech companies with a lasting presence in foreign markets. In the UAE, the implementation of PROPEA allows for the provision of expert advice and services to a number of Czech companies and eases the burden of related expenses.

The overall aim of PROPEA is to support the sustained long-term presence of Czech companies in foreign markets and to reduce or share risks of doing business. Furthermore, PROPEA aims at stimulating investment-based business. In the UAE, PROPEA started in 2023 in cooperation with the Czech Business Council (CBC) and Dubai-based advisory Panis and Shah. PROPEA UAE offers the following services: 1) business plan – market entry, 2) legal, tax, financial and legislative analysis, 3) marketing of products, 4) verification of import/export and logistics documentation and 5) assistance with licences, product registrations and certifications.

30 % of the of the value of the service is paid by the recipient (Czech company), the remaining 70 % from the PROPEA budget. The maximum value covered by the PROPEA budget is 100 000 CZK per service per company per year. Czech companies interested in Propea can get in touch with the Embassy or directly with Panis and Shah. The implementation period of the Propea project is Feb/March to Oct of each year.

MINISTRY OF FOREIGN AFFAIRS OF THE CZECH REPUBLIC

BY **JIŘÍ KOZÁK**
Deputy Minister of Foreign Affairs of the Czech Republic

Ladies and Gentlemen, dear readers,
It is my pleasure to use this unique opportunity to share with you a few perspectives from the Czech Ministry of Foreign Affairs on the cooperation of Czechia with the United Arab Emirates.

The UAE is an incredibly attractive venue for our businesses and entrepreneurs. Most Czech companies doing business in the UAE are thriving thanks to a modern and constantly updated business-friendly regulatory framework. The UAE´s incredibly fast-paced and dynamic business environment is one of the reasons why this place remains a global transportation, logistics, business, tourism, and financial hub. Many of the most cutting-edge Czech companies – for example from the fintech, crypto or blockchain sectors – choose Dubai as their business hub for very much the same reasons.

As I have visited the UAE numerous times, and closely follow the activities of the Czech Embassy in Abu Dhabi, I am very much familiar with the pulse of this place. I am also aware of the constant stream of Czech companies coming to the UAE almost on a daily basis, trying to prove themselves in the demanding Emirati market. In this respect, I am very happy that we have found a reliable partner in the Czech Business Council with its distinguished and active President, Mr. Pavel Foubík, who is himself helping Czech businesses and entrepreneurs arriving in the UAE. It is our privilege to work with the CBC in our mission to support and promote Czech business, be it through joint projects of economic diplomacy, or by offering first-rate quality services to Czech companies in the UAE through our PROPEA program. It is therefore my pleasure to congratulate CBC on its 10th anniversary of setting up shop in the UAE and to express my wish to continue with our synergic cooperation in the future.

Dear readers, I feel privileged to have had the opportunity to share these insights and perspectives with you and hope to be able to meet and interact with you in person on the occasion of my next visit to the UAE.

CBC AMBASSADORS

BY **CBC TEAM**

Dear CBC Members And Friends,
Every year we try to bring something new for CBC members. Given Dubai's status as a key hub for the Middle East, we are excited to extend our support not only within the UAE but also in the Kingdom of Saudi Arabia and in these kinds of businesses:

Our former Board Member, Mr. Petr Pisecky, who is currently the General Manager of the Double Tree by Hilton Hotel in Riyadh is now our Ambassador for the Kingdom of Saudi Arabia.

And last, but not least, for Israel we have our new Board member, successful businessman and baker Mr. Radek Macek.

Therefore, if you plan on expanding your business to one of these countries or make use of business opportunities, please feel free to contact us. Our CBC Ambassadors will assist you.

BVV TRADE FAIRS BRNO

BVV Trade Fairs Brno is one of the most prominent trade fair organizers in Central and Eastern European countries. Its core business activity is the vorganizing of trade fairs and exhibitions at the Brno Exhibition Centre and providing exhibition services. Every year approximately 90 events are held at the Brno Exhibition Centre. Traditionally, the largest and most important event is the annual MSV International Engineering Fair, one of the most prestigious engineering fairs in Europe. Apart from trade fairs the centre is an excellent venue for holding congresses, conventions, high-level meetings, gala evenings, concerts or sports events. BVV Trade Fairs Brno also offers complete exhibition services including design and construction of exhibition stands.
